TECHNICAL DATA SHEET

Sunflower Wax for Molds

1. Identification

Product	Sunflower Wax for Molds
Version	1.0
Date of issue	09/06/2025
CAS number	91082-37-0
EC number	293-750-5
INCI name	Hydrogenated Sunflower Seed Oil
Origin	Plant-based (hydrogenated sunflower oil)

2. Technical data *

Parameter	Method	Units	Specification
Colour	Visual	–	Ivory
Penetration (25 ºC)	ASTM D1321	1/10 mm	25 - 35
Drop melting point	ASTM D3954	ºC	57 - 65
Kinematic viscosity (100 ºC)	ASTM D445	cSt	9 - 14

* Not all parameters may be included in certificates of analysis (CoA).

3. Packaging and delivery form

Beads / Box of 20 kg / Pallet of 960 kg

4. Recommended storage conditions

Keep in a well-ventilated, cool and dry place, in tightly sealed, unopened original containers. Avoid direct sunlight and heat sources. Once opened, use immediately.

5. Shelf life

Under normal storage conditions, the product keeps perfectly for 2 years.
